SHARP is a winner.

BENJAMIN BACHMAN has been ailing for several days. To day he is quite weak and bedfast. He suffers with kidney and bladder trouble. Bright's disease is feared.

There is a rich treat in store for the theatre-goers of Provo immediately after the excitement of the campaign. Miss Ruth Eldredge, of Salt Lake, dramatic reader and impersonator, will give a recital in the opera house on Friday evening. The lady will be assisted by Heber Goddard and a dozen able artists among whom it is expected will be Frank Graham, whose sweet singing all in Provo delight to hear.

CORFMAN is our next city justice. Give him a rousing majority at the polls tomorrow.

M. L. PRATT will make a model treasurer. Vote for him tomorrow.

DON'T let the storm keep you from the polls tomorrow.

DON'T fail to scratch "no" on your ticket tomorrow if you are for statehood.

REFERRING again to Charlie DeMoisy's circular "Compare the Records," etc., the following is quoted: "In the waterworks department, democrats spent \$5,189.56, while the revenue was only \$3,251.65; the republicans spent \$3,180.00, and received \$4,186.50, or 25 per cent. more revenue at forty per cent. less cost to the people." If this is all true what a horrible showing it makes for the republicans. The democrats in two years produced to the city from the waterworks a yearly revenue of \$3,251.65, at a cost of \$5,189.56 and republicans only added to this revenue \$884.85, at a cost of \$3,180.00. Every dollar of yearly revenue cost democrats only \$1.50 as an original investment, while republicans added a yearly revenue cost republicans \$3.00 as an original investment—the same revenue at 287 per cent. more cost to the tax-payers. Voters, turn down the party at the polls tomorrow that cannot do more for you with your money than the republicans have done.

Voters of Provo make Joseph T. McEwan your mayor for the next two years. No other man in Provo knows so well the needs of the city and all the details of her affairs. No other man is so well qualified for the office.

Voters of this judicial district remember that if you vote for A. C. Hatch the court will be held at Heber city. It is reported that such influences are being used on voters in Wasatch county to secure voters for A. C. Hatch. Nip such double dealing tomorrow.

A vote for John S. Rolfe for city recorder is a vote for a thoroughly competent man.

Elect a democratic city council for Provo. The somnolence are all able men.

It is said that the Third ward proposes to redeem itself tomorrow and send up Maiken and Wride to the council with handsome majorities.

It comes to THE DISPATCH on good authority that a poor man known to be a democrat has had sent to him a 50 pound sack of flour by Marshal Knight, a load of wood by Silas Alfred and \$4.00 cash with which to pay his water tax (the consideration being that he will vote the republican ticket. He won't vote it.)

It is a current rumor on the streets today that the impression has gone out among factory employees from what has been said to them, that they are to be watched tomorrow when they vote, and those who then vote the democratic ticket, if they are detected, are to be discharged from work. Thank God we have a secret ballot.

Worthy Your Confidence.

The success of Hood's Sarsaparilla in conquering scrofula in whatever way it may manifest itself is vouched for by thousands who were severely afflicted by this prevalent disease, but who now rejoice over a permanent cure by Hood's Sarsaparilla. Scrofula may appear as a humor, or it may attack the glands of the neck, or break out in dreadful running sores on the body and limbs. Attacking the mucous membrane, it may develop into catarrh or lodge in the lungs lead to consumption. Come as it may, a faithful course of treatment with Hood's Sarsaparilla will overcome it, for working upon the foundation of all diseases, impure blood, the system is clarified and vitalized, and vigor, strength and health restored to the body.

Gibbs' Death-bed Repentance.

PROVO, Nov. 3rd, 1895.

Editor DISPATCH.—I notice in this morning's Tribune that George F. Gibbs asserts that his letter to Bishop John F. Wright of Hyrum, Cache county, did not contain the sentiments attributed to him. I read that letter and I can personally testify that it did contain all of those things charged against Gibbs. He further asserts that his brother-in-law Bishop Wright, turned the letter over to Moses Thatcher under a promise made by the latter gentleman that its contents should not be made public, and Gibbs accuses the men and women with whom he charged him, with having broken his pledge. I desire to state here and now, that G. F. Gibbs' accusation of Moses Thatcher is an absolute falsehood.

Bishop Wright turned the letter over to the democratic central committee of Cache county and it was in the headquarters of that committee that I saw and read the letter. It was there that the content of Bishop Wright to be used in evidence that church influence was being used in Utah politics.

A. V. ROBINSON.

The Salt Lake Tribune is fast becoming the powerful receptacle of religious-political three-yearly-theatrical protestations of innocence of any knowledge that the "gun was loaded."

Gibbs' death-bed repentance is the second of a board of such protestations of "I didn't know" to records that have been sprang afloat at the last moment before election. All such subject excuses made now for acts committed three years ago are as pitiable as to fill all honorable men and women with sentiments of unspeakable contempt for the cringing cowards that make them.

If that letter written by Gibbs to Bishop Wright contained only the statements which he now makes, why did Bishop Wright consider it of sufficient importance to take it to democratic headquarters? If the letter was not loaded, why the commotion of three years ago? And if the statements then made relative to the letter were untrue, why wait three years to correct them? Then why does Gibbs wait until the last moment before election to make corrections? And why does Gibbs do his blubbering in the Salt Lake Tribune? Why does he rush into print in the local political organ in Utah? Does he not know that his hob-nobbing with the Tribune gives further color to the charge of making church and state? There is not a man or woman in Utah who knows of Moses Thatcher, that would believe any invidious and insidious charges of dishonesty against the people's country apostle, and especially so, when made by an ex-officio religious crank and fanatic such as the one who now defames him.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh; which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

POOR DIGESTION leads to nervousness, chronic dyspepsia and great misery. The best remedy is HOOD'S SARSAPARILLA.

Good Looks in Distress.

Here is a little story which seems to indicate that the pretty girl's business prospects are hampered by her prettiness:

The secretary of a large eastern insurance company decided a short time since that it would be better for his office work to introduce half a dozen or more women as typewriters, operators and stenographers. He had noted that of the feminine employees in his office the pretty ones were the least effective and attracted the most attention, to the detriment of the work of the other clerks. So he decided to engage only women who were of mature years and experienced in office work. First he advertised, stating that applicants should give age and number of years experience. He did not succeed in getting a single satisfactory reply. Then he went to a well known business college and told the manager that he did not suppose he would have any trouble in adding him, as he did not want a young or attractive looking woman.

The manager listened to him while he explained his wants, and then, going to a desk, took out a file of letters, with a smile, and laid them before his visitor. There were upward of half a hundred applications from banks and commercial institutions, and every one of them, without a single exception, asked for a woman of mature age. The manager said that it was absolutely impossible to supply the demand for employees of the described kind, because none were now wanted, but he had raft of pretty girls at all times who were applicants.
